

IFMA INDUCTION PROGRAM

15 March 2008, Saturday

Join this event to learn how IFMA can help you advance in your career.

IFMA is the world's largest and most widely recognized international association for professional facility managers, supporting more than 19,000 members in 60 countries. The association's members, represented in 125 chapters and 15 councils worldwide, manage more than 37 billion square feet of property and annually purchase more than \$100 billion in products and services. Formed in 1980, IFMA certifies facility managers, conducts research, provides educational programs, recognizes facility management degree and certificate programs and produces World Workplace, the world's largest facility management conference and exposition.

Meet some of our local members and listen to their views on IFMA.

Local IFMA members will also be joining the event to share their experience with IFMA, and also to explain how they benefited from IFMA, and from becoming an IFMA CFM (Certified Facility Manager), which is the only global certification available in the facility management.
