

INVITATION TO

The HK Chapter of IFMA Presentation on Friday 16 July 2010

IFMA
The Hong Kong Chapter of IFMA

SUPPORTING ORGANIZATIONS:

TOPIC One: To discuss **One2Five®**, which is an online diagnostic solution founded on years of management consultancy experience specializing in climate change **for improving business decisions around energy, water, waste and carbon management.**

The tool considers ten key business areas known to impact on an organization's ability to achieve business improvement. The tool is delivered in a facilitated session where business executives participate in an open discussion forum. **One2Five®** benchmarks business performance internationally against 2,500 other businesses who have benefited from this tool. Benchmarking is performed under International Standard Industry Classification (SIC) codes. This provides you with a clear picture of your competitive position against industry peers.

Ben Heraud (BSc, Accredited NABERS Assessor)

Ben has been working extensively within the energy consulting arena for the last 6 years and is currently employed by Energen Consulting as Principal Energy Consultant. Prior to moving to Hong Kong, he worked for Energetics in Australia as a Senior Energy Consultant. During this time Ben developed energy efficiency strategies for some of Australia largest most well known companies including Woolworths Ltd and Integral Energy. He is an energy efficiency expert in the commercial sector having conducted hundreds of detailed energy audit assessments. Ben is also an accredited facilitator for One2Five and has delivered a number of facilitated workshops at an executive level.

TOPIC Two: Let's Build a Smarter Building - it's Time to Design from the Earth Up

Smarter Buildings are well managed integrated physical and digital infrastructures that provide optimal occupancy services in a reliable, cost effective, and sustainable manner. Come to this session and find out **What is Smarter Buildings.** Speaker will also share with you the **Green Sigma™ Coalition** business practices. How can it help your organization to anticipate and prepare for new regulatory requirements and enhance brand value - ultimately becoming more efficient and sustainable.

Mr. Derek Fu PMP, ITIL Certified, Service Management Solution Architect (SMSA)

Derek is the Service Management Solution Architect (SMSA), Tivoli Software, IBM Software Group, Hong Kong. In this role, he is providing service management and technical consultation for IBM's Service Management and Asset Management solutions.
