

IFMA CHAPTER SITE VISIT

Nina Tower

Saturday 21 March 2009

IFMA has arranged a visit to Nina Tower and invited our members to join us to visit this latest skyscraper.

Nina Tower (如心廣場) is a twin tower of 80-storey and 42-storey high-rise building in Tsuen Wan, New Territories. It was supposed to be the tallest tower in the world at 518m or 1,699 ft. However, due to its location near Chek Lap Kok Airport, the height was restricted down to the current 318.8m or 1,046 ft.

Nina Tower is owned and developed by Chinachem Group. It is composed of two towers resting on a common podium. The elegant towers accommodate over 1,600 deluxe hotel rooms and Grade A offices whilst the 9-storey podium contains exhibition halls, banquet halls, convention area and high class shopping arcade. The modern hotel-cum-commercial complex propels Tsuen Wan to a new era.
